Brand:

Product Code: 978-1284040920

Availability: In Stock

Weight: 1.50lb

Dimensions: 10.88in x 8.38in x 0.00in

Price: \$71.95

Short Description

Advanced Medical Life Support (AMLS) is the leading course for prehospital practitioners in advanced medical assessment and treatment of commonly encountered

Description

Advanced Medical Life Support (AMLS) is the leading course for prehospital practitioners in advanced medical assessment and treatment of commonly encountered medical conditions. Endorsed by the National Association of EMS Physicians, the course emphasizes the use of the AMLS Assessment Pathway, a systematic assessment tool that enables EMS practitioners to diagnose medical patients with urgent accuracy.

In the Second Edition of AMLS, students learn to recognize, assess, and manage common medical crises in patients. Topics covered include: respiratory disorders, cardiovascular disorders, shock, neurologic disorders, abdominal disorders, endocrine and metabolic disorders, infectious diseases, environmental-related disorders, and toxicologic emergencies.

Critical thinking scenarios encourage interaction and challenge students to apply their knowledge to realistic situations. During the scenarios, students:

- Are at the patient's side from arrival on scene to delivery to the hospital.
- Assess, review, and discern the possible diagnosis of the patient.
- Choose the next step to take on the AMLS Assessment Pathway.
- Confirm the final diagnosis and provide ongoing prehospital management of the

patient.

New to the Second Edition:

- Refined AMLS Assessment Pathway.
- Clear emphasis on the BLS provider and integration with ALS throughout the assessment process.
- Expanded content on highly critical patients.
- Expanded content on environmental-related disorders.
- Expanded content on infectious diseases.

Contents

Chapter 1 Advanced Medical Life Support Assessment for the Medical Patient

Chapter 2 Respiratory Disorders

Chapter 3 Cardiovascular Disorders

Chapter 4 Shock

Chapter 5 Neurologic Disorders

Chapter 6 Abdominal/GI, Genitourinary, and Reproductive Disorders

Chapter 7 Endocrine and Metabolic Disorders

Chapter 8 Infectious Diseases

Chapter 9 Environmental-Related Disorders

Chapter 10 Toxicology, Hazardous Materials, and Weapons of Mass Destruction

Appendix A AMLS Assessment Pathway

Appendix B Basic Airway Procedures

Appendix C Advanced Airway Procedures

Appendix D Cardiovascular Procedures and 12-Lead ECG Review

Appendix E Debriefing Skills

Appendix F Chapter Review Answers
